

A study about modern
idolatry-God's Bible
time and true Bible days
of God; compared to the
artificial pagan Bible
time measure that is
mistranslated into most
all records of Bible time

Have you been deceived about the true resurrection moment of the Christ? Do you worship as you keep a -Bible day of the sun god or Sunday? If you keep as a -Bible day of the sun god or "Sunday" under the law of God through Moses with only two or three witnesses God would have had you stoned to death without mercy (Deut. 17:1-5).

Editor Willard Wade

Every memorial event of God is changed by wicked Bible translators

February 23, 2012

This is the short version of this Bible /Study.

Be humble and be honest. Just how much do you know for certain about God's natural Bible time? What great and awesome things can you prove with scripture, that God's natural Bible time is putting an awesome power in the Bible records that will convince the most doubtful that the Bible is from God?

Do you just love the Pagan artificial Bible week days of the

seven sky gods that are mistranslated into your Bible? See the worship of the first sun god Ra in Egypt, believed to be the first in history of a worship made to a sun god. Did the disciples of the Devil deceive you into accepting His pagan time keeping of the seven day “week” of the seven sky gods for your Bible days? You ask what are you talking about? The God of the Bible has warned you as He has warned all Israel “do not speak the names of other gods” [of the week].

Ex 23:13 And in all things that I have said unto you be circumspect: and make no mention of the name of other gods, neither let it be heard out of thy mouth.

Now you know that your good old King James Bible translators and other Bible translators would not try and deceive you by adding the religious days of the “week” of the seven sky gods in their Bible translations or did they??? Do you love and prefer the idolaters Bible?

Beware and know the truth in what you are doing. Whether it is your intent or not, when you make reference to your Bible day of Sunday or the first day of the week of the seven sky gods you are making reference to the time measure of the week day of the sun god. Is the Bible “week” of the seven sky gods the pagan time measure that you will just love to your spiritual death? I am warning you that Catholics and the church daughters of the Catholic Church have caused the mistranslation of pagan time keeping into most all English Bibles. Has wicked and evil Bible translators deceived you by adding artificial days of the Bible week of the seven sky gods in the translated records of your mistranslated Bible? In the longer version

of this article I show how the Catholic church has deceived the whole “Christian” world in keeping their day of the sun god..

Know this fact for certain, the God of the entire Bible does not have any days that are measured the same as the pagan days of the week of the seven sky gods. So why is that pagan artificial first day of the week or Sunday mistranslated into your Bible records. Why do people who make the claim to be “Christian,” just love that old false Bible day of their first day of the artificial week of the seven sky gods the Sunday or the pagan day of the sun god?

God hates idol worship. So why do most “Christians” prefer and love the pagan sky god of Sunday falsely translated into your English Bible? Will you fight to your spiritual death for the day of the week of the seven planet gods or the week day of the sun god or Sunday? Do not be deceived! 1) Sun-day the Bible day of the week of the almighty sun god Ra (the first day of the week of the seven sky gods). Then you reply “I do not worship the God Ra.” Then, why

do you accept the Bible day of “Ra” or any other sun god as your translated Bible day? The day of the sun god starts at midnight six hours after God’s Bible number day the Greek Mia or “Day One”

has begun. I beg you to make this study for your eternal life. Sunday is not measured the same as God’s day One or the first day. We are only discussing -holy Bible days of our God!

[Ra](#), the [sun god](#) as he traveled the sky daily with the sun on his head. During the period between dawn and noon, Ra occupies the Matet (growing stronger) boat. During the period between noon and dusk Ra travels in the Sektet (growing weaker) boat. Ra travels the underworld during the night where he encounters and battles many foes. Why do most all deceived “Christian” men and women love their Bible day of the sun god or Sunday and most will fight to their spiritual death for their artificial time measure of the day of the sun god their pagan mistranslated -Bible day?

Now do you really love the day of that old god of the sun or Sunday? Would you give up all your chances of going to heaven just to hold on to the day of the sun god and the artificial days of the week of the seven sky gods that are mistranslated into your Bible records?

The Artificial “Week” is not a Bible seven day solar “Sabbaton”

The seven solar days of God are measured only from early dark of the evening (beginning first with only one whole dark period).

2) Moon-day or Monday is a day named giving glory and honor to the goddess of the moon. In mythology, a **lunar deity** is a god or goddess associated with or symbolizing the moon. These deities can have a variety of functions and traditions depending upon the culture, but they are often related to or an enemy of the solar deity. Lunar deities can be both male and female, and are usually held to be of the opposite sex of the corresponding solar deity. Male lunar deities are somewhat more common

worldwide, although female deities are better known in modern times due to the influence of classical Greek and Roman mythology, which held the moon to be a female god. All people who prefer the pagan gods as their Bible week days are the enemies of God.

3) Tue the god of war. Tues-day a day that gives glory and honor by naming this time measure of your life and giving honor to this day of the god of war named “Tue.” You say I do not intend to give glory and honor to the god “Tue” when I say Tues-day.

Y’ahsus (Jesus) warns we will be judged by the very words that come out of our mouth. It is not sin to name and use artificial time. The sin is to make artificial Bible time as God’s natural Bible time.

The God of the Bible number named His days of the cycle of the seven day solar Sabbaton. You should learn how these days of God are number named and how the days of God are measured in the true Bible translations. To add the words “week” or “month” is deceitful.

Did Your Jesus die on the day of the -whore?

4) Wednesday or the pagan war god Woden or Oden's day. The fourth day of God is not a midweek or "Wednesday." How much do you love the false Bible midweek instead of the 4th day or the "mid seven" Bible day of God?

Christ did not die on any part of Friday

5) Thurgan's daeg or Thursday or the Egyptian god "Set" the day of the god of thunder, weather and crops. How much do you love the Bible day of the wucu or "week" day with the god of Thursday?

6) Fria's day or Friday or Germanic goddess Fria, in some pagan societies the day of the prostitute goddess. A question that must have only truth for the answer was the Jesus that you love crucified on the day of the prostitute goddess or Friday? Will you fight the God of the Bible for your Bible days of the week of the prostitute goddess? Now you call yourself a "Christian" but does your god of the Bible have the day of the sun god and do you keep your Bible day of the sun god or Sunday? Notice we wrote legal Bible days of your God and we are not referring to your artificial civil days.

7) The devil and his disciples translates the false Bible word “week” and Saturn is an artificial week day with the name ‘Saturday,’ which is the day of the pagan sky god Saturn who kills

and eats humans.

Now how much do you just love that old false -Bible week day with the named Saturn? Saturn is the planet god of the false Bible translation of a false -Bible week and Saturn of the week day is a pagan god who kills and eats humans? Do you see the word “week” identifying the artificial days of the week in your mistranslated Bible record. If you do not like this artificial pagan time division of the “week” of the seven sky gods written into

your Bible then buy a correctly translated Bible that translate truth and true Bible time and true set times that the God of the Bible has set to worship. Buy a good Bible translation that does not have these false translations of the pagan time measure and false times that say they are set by God to gather and worship mistranslated into the Bible records. We will prove with scripture that God has warned you that His Bible time keeping is serious business that if you are deceived about His true Bible time He will give you up to the hand of your deceiver. Now you have been warned and you have no excuse for refusal to study this subject and learn and discover what truth is about the true Bible set times of God that are important times to worship and for your salvation.

Read this book at this web site “Bible time Conspiracy” www.biblementor.com and discover who has fooled the entire world with their false Bible time and learn how the disciples of Satan have changed all, note I said all the times that the God of the Bible has set to worship. They changed the resurrection of Christ from the evening to the morning. We must worship God in spirit and in truth (John 4:23-24) .

A special Study about Bible time for January 21, 2011

A necessary word study for this lesson.

Only the most wicked Bible translators are the Bible translators who dare to remove God's natural time measure from the original Bible records and then translate into the Bible records the artificial pagan time measure of the pagans. Do not fail God but study this very important Bible subject.

- 1) Natural Time is a time measure that is made with the eye.
- 2) Artificial time is a time measure made using man made instruments such as clocks to measure parts of God's natural Bible time.
- 3) The Natural solar Bible day is a day observed with the eye.
- 4) An artificial day is a day measure using man made instruments to artificially measure one revolution of the earth upon it's axis from a set point upon earth and in relation to a fixed Star (Polaris).

God warns you about His Bible covenant He made with the day and with the night to determine Bible Hebrew "Eth" or Bible "time." God warns you about His covenant with Bible "time" the measure of His day, can not be changed and if any power can change His covenant with the day or with the night God said He will not send Y'ehsus (mistranslated Jesus) to reign on the throne of David.

Jeremiah 33:19 And the word of the LORD came unto Jeremiah, saying, 20 Thus saith the LORD; If ye can break my covenant of the day, and my covenant of the night, and that there should not be day and night in their season [season is the Hebrew "eth" or Bible time]; 21 Then may also my covenant be broken with David my servant, that he should not have a son to reign upon his throne; and with the Levites the priests, my ministers [in brackets is mine]. Now you will not escape God by simply naming and translating your artificial Bible day by a different name even if you give the artificial Bible day a number name. See it matters how you measure the true Bible days of God.

Is God saying He will -not send Y'ehsus to reign on the throne of David if His covenant with the day and with the night can be changed to come at a different -time (Hebrew eth)? **Yes**_____ **No**_____

God warns us that the Disciple of Satan, a wicked ruler will think he is an earth God and can change Bible Law and Bible “set times” to worship (Daniel chapter 7 verse 25). This same wicked ruler the apostle Paul warns he will make the claim that he is God and claims that he sets on the throne of God (second Thessolonians chapter 2 verses 1 through 12). This wicked ruler will think that he has the right to change the laws of God and change how Bible time is measured and the times God has set for us to gather and worship.

God warns all the Saints (Christians) in the everlasting kingdom which is the kingdom Y'ehsus (translated as the name Jesus) that a wicked ruler will think he can change God's Bible laws, time and the times that God has set to worship.

God warns if you are deceived by this wicked ruler then God will give you over to his false teaching. Truth will -not be restored to the saints of the most high until a time and times and a dividing of time.

Daniel chapter 7 verses 25 ***And he shall speak great words against the most High, and shall wear out the saints of the most High, and think to change times and laws: and they shall be given into his hand until a time and times and the dividing of time. “Times” are the times that God has set to worship Him.***

Every law of set times of God has been changed in most but not all translated Bibles. Question that must have truth for the answer, will God really allow you to be deceived by this wicked ruler and if you are deceived did God say He will give you over to his hand in his false teaching? Now it is the strangest thing when you begin to teach the truth to show how the laws of God are changed and time and set times of God to worship have been changed by those who love the teaching of Satan and his disciples. They will oppose this truth with all their might. Some become like a swarm of mad hornets and if they could they would skin you alive or burn you at the stake for teaching this truth. Those who love the teaching of Satan, they will fight truth and die and go to hell fighting for the -change in the laws concerning Bible time and the change in all Bible times that God has set to worship Him..

So with whom do you stand? What will it take to motivate you to take a stand for our God against the change in Bible set times to worship God?

Make this Bible study about Bible time and learn how God divides or measures all His Bible days. All Bible words in this study are given with Hebrew or the Greek references in the Strong's Bible dictionary numbers to make your Bible study easy to learn truth of about true Bible time and set times to worship..

The Bible word "Day" is a Homonym word. Every language of the world has homonym words. The context "what goes before and what follows" determines what is the word meaning for a Homonym word. A Homonym word, is a word that has the same sound pronunciation spelled the same but has different word meanings. The English word "Bank" is a homonym word. The "bank" a place to deposit money. The "bank" of a river. The "bank" of Cards. To "Bank" an airplane to turn the airplane around. There are many more kinds of "banks."

There are three principal Homonyms in the word definitions of the Bible word "day."

Here are the Three Principle uses of the Bible Homonym word "Day" in the Bible.

1) During the equinoxes there is an artificial twelve hour period of light all over the world to make the day (light). The light He (God) called "Day?" (Gen.1:5).

2) One revolution of the earth upon its axis is a natural Bible measure which is artificiaslly measured as a twenty-four hour "day." The Bible solar "Day" is -not written as an artificial time measure, but the Bible can be artificially measured as a twenty four hour Bible solar "day." Both the evening (early dark) and the morning (early light) was the first whole dark and then whole light period of "day One" (Gen. 1:5). In verse 5 there are two different "days" mentioned.

There is an early dark and an early light in the solar day of God.

The Bible twenty four hour "day" can be measured artificially with instruments but only starting from evening or early the whole dark to morning or early of the whole light until the end of the light. "Day."

3) The word "Day" also is a Homonym word as in the indefinite figurative case where -action determines time not the light or solar day period-"*In that day ye shall say praise the Lord*" (Isa. 12:1);

John 8:56 ***“Your father Abraham rejoiced to see my day: and he saw it, and was glad.”***

- A) Must the context (what goes before and what follows after) determine word definition for the multiple Homonym word the Bible “Day” Yes___No___
- B) Is the light He called Day _a Homonym word as a whole daylight period Yes___No ___
- C) Is the passing of an Evening together with the passing the morning one solar Day ____ homonym “day” a one whole time period as One solar complete revolution of the earth upon it axis?

3) In word definition of the indefinite figurative case is the word “day” also a day that has no set bounds but it is the action that creates the indefinite figurative day. “in that day ye shall say” Day a homonym as in Isaiah 12:1 ¶ ***And in that day thou shalt say, O LORD, I will praise thee: though thou wast angry with me, thine anger is turned away, and thou comfortedst me? Yes___ NO___***

A) Answer truly, is the Bible word “day” written as a Homonym word? Yes__ No___

B) Question. Must the -context determine what is the word definition for any homonym word such as the English word “Bank?” or the Bible homonym word “Day?” Yes___ No___

There are many technicalities in this Bible study about Bible time and how the days of God are measured in the entire Bible. We purposely try to avoid the technicalities so we all can come to one mind on what are the most important issues of understanding this Bible study about Bible time and how the days of God are measured in the entire Bible.

In the twenty first century astrophysicists have discovered the universe is limitless or appears to be without limits or bounds. Also discovered, matter is being driven -not by the light; as was once thought but matter in the universe is being driven outward by a mysterious and awesome force from out of the Dark. Astrophysicists identify this awesome unseen force as “dark energy.” Dark matter is also discovered.

1) Now we can understand better the creation record “Then spake Solomon; The Lord said that he would dwell in thick darkness” (Second Kings chapter 8: verse 12).

First, discover; is the dark a God created dimension or entity?

Isaiah 45:7 (21st Century King James Version) God said

¹I form the light, and create darkness; I make peace, and create evil; I, the LORD, do all these things.

Question: In truth did God really say, and do you accept, that He made or created the dimension of the “Dark?” **Yes_____NO_____**

2) Now let us learn when the dark is created and how God measures all His Bible Days in the entire Bible.

Genesis 1:1-2 (21st Century King James Version) (A good translation)

¹ In the beginning God created the heaven and the earth.

²And the earth was without form and void, and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters.

The dark does not occult on and off

A) Question-In the beginning did God create the awesome power of the dark before He created the light? Yes___No___

B) How many dark periods did God create to make His first day of creation of the universe? One_____Two___ Three_____

C) Now be careful. How many dark periods are measured in the artificial measure of the Day of the sun god or Sunday? Start counting at midnight of God’s day One and end at midnight of God’s second Bible day. One___Two_____Three_____

If God’s first day of creation is measured with only one whole dark period is the Bible Day of God measured the same as Sunday? _____?

D) Is the evening of God’s creation measured by sight? _____ Or by man made instruments?_____

Genesis 1:3-5 (21st Century King James Version)

3 And God said, "Let there be light"; and there was light.

Question. A) How many whole light periods did God create in the beginning day of creation? One ___ Two ___ Three ___

4 And God saw the light, that it was good; and God divided the light from the darkness.

5 And God called the light Day, and the darkness He called Night. And the evening and the morning was Day One.

The Hebrew name of the first day of creation is "Yom Echad" or Day One. Because Echad" is a Masculine word the records is stated as "Day He is One." The Greek is translated into the Septuagint of the Jews as "Hemera Mia" The Greek day "Hemera" is feminine so the translated record of the Jews is stated as "Day She is One." One of the most important studies of the Bible day is to understand when and how the whole dark and light periods are created to "occult" on and off.

Whatever occults either the dark or the light then the other must remain constant. The light is created to occult upon the dark. The dark remains constant. God creates the first whole dark period, then He created the measure of the whole light period to create the whole night and day light periods of His solar day.

. So on the first day the sun the moon and the stars were not created until the fourth day. What was this first created light it was not the sun because the sun is a star? Stars were not created until the fourth day (Gen. 1:14). **Some of us believe it was the gasses of the new earth in it's beginning set on fire to create light in the universe.**

1) Which entity "occults" either the dark or the light to make the natural eye measure of the whole dark and whole light period of the whole days of God in the entire Bible? The dark ___ or the Light? ___ Example illustrated in the line below is the created dark. The dark in time is continuous or constant but the white cross Squares represent the periods of moving light occulting upon the dark.

Start here. Upper line is natural time. the lower line is artificial.

2) Determine what remains constant in the universe either the dark or the light? _____ 3) Question. After creating the sun on the fourth day, and if the dark is continually constant; is God naming only the - times that the light occurs on and off to overcome the dark to make the seven day solar cycles for the earth? Yes ___ No ___

A) Is the evening the beginning or the early beginning dark of the new day of God? Yes _____ NO _____

B) Is the Greek word Proi the “early light of the morning or the beginning of the light period of the new day? Yes _____ No _____

C) Gen. 1:1-5-Read carefully. How many evenings are measured in the first day of creation? One ___ Two ___ Three ___

D) How many mornings in the first day of creation? One ___ Two ___ Three ___

E) Again read carefully. The light is a “day” and the evening and the morning are a solar “day.” Is the word “Day” written with reference to two different word homonyms of two different measures of two very different days in Gen. 1: verse 5 Yes ___ No ___

During the equinox the days and nights are equal. 12 hours.

G) During the equinoxes how many hours after the beginning of God’s day One at evening before the day Sunday begins? _____ **hours**
Some facts about the Old Testament Septuagint. Word meaning in the old Jewish Greek Septuagint determines the same word meaning in the Greek New Testament.

4) Learn what is the Old Testament Septuagint (The Septuaginta) (The Seventy)? Some name OT and the NT Greek the “Polyglot.”

Fact, the Septuagint is the complete translation of the Old Testament Hebrew translated into the Judaic Greek dialect. The Septuagint is translated by the Jews from the Hebrew nearly two hundred and fifty years before Y’ehsus (Jesus) came to earth. The Septuagint is written in the common or Koine Greek language or the same Judaic Greek dialect or Greek language as the New Testament Greek. It is important to understand what the Judaic Greek dialect is. Some Judaic Greek words have a complete different word meaning than that of the Greeks of Greece.

5) Where was the Septuagint translated from Hebrew into the Greek? Fact the Greek Old Testament Septuagint was translated in Alexandria Egypt two hundred and fifty years before Y’ehsus came to earth.

6) In what language was the Septuagint Written? Fact -The Old Testament Septuagint is written in the same Koine (common) or the Judaic Greek dialect as is the koine Greek New Testament.

7) Who translated the Septuagint? Fact, hundreds of years before the coming of Jesus Seventy two Jewish scholars from Old Israel went down into Egypt and translated the Old Testament Hebrew and other articles into the Greek Polyglot and Old Testament Septuagint.

8) **Did Y'ehsus quote word for word from the Septuagint? Fact, yes Y'ehsus did quote word for word from the Greek Septuagint.**

See Septuagint translated in the Apostolic Bible Polyglot with Strong's numbering for the Literal Translation. God Said: Isaiah 45:7

1473 3588 2680 5457
 egw kataskeuasaV fw
I am the one carefully preparing light,

God first made the Dark before he made the light

2532 4160 4655
 kai poihs askotoV
and I made darkness;

B) Question did God create the dark? Yes_____ No_____ Now establish what truth is and then teach truth showing how God made the first whole period of dark at the beginning of the day the beginning creation of the universe. Then let us discover did Y'ehsus (Jesus) truly resurrect at early yet it was dark on day one or on a repeating oculting cycle of the exact moment when God spoke the creation of the universe into existence?

This is the Jewish Septuagint word for word translation Genesis 1:1 from The Apostolic Bible interlinear.

1722 746 4160—3588—2316 3588 3772 2532
En arch epoihsen o qeojj ton ouranon kai
 In *the* beginning God made the heaven and

3588 1093
 thn ghn
the earth.

Genesis 1: 2 A word for word translation

3588—1161 093 1510.7.3 517 2532 180.2
 h de gh hn aorato kai akataskeuastoV
 But the earth was unseen and unready,

2532 4655 1883 3588 12
 kai skotoV epanw thV abussou
 and darkness ← was upon the abyss,

2532 4151 2316 2018 1883 3588 5204
 kai pneuma qeou epefereto epanw tou udatoV
 and spirit of God bore upon the water.

Note, God created the first evening (or the beginning of only one whole Dark period) and the whole dark period was created before God created the first whole light period. God’s first day is named in the Hebrew as “Yom Echad” which is translated into the Greek Septuagint as “Hemera Mia”, and then should have been translated into the English as ”Day One” of the seven day cycle of the Sabbaton, **but in fact; King James translated “Day One” into the ancient pagan artificial time as:”The First day of the week (which “week” is the artificial measure of days of the seven skygods).**

Again take careful note The first day of the week of the seven sky gods or the day of the sun god or Sunday is artificially measured with two half parts of two night periods of two of God’s Bible “days -a night part of Day One and a night part of God’s second day.”

Genesis 1:3

2532 2036—3588—2316 1096 5457
 kai eipen o qeov genhqhtw fwV
 And God said, let there be light!

2532 1096 5457
 kai egeneto fwV
 And there was light.

The fiery molten earth was an occulting light in the heavens before the sun, stars, the moon were created on the fourth day.

We do not know if it was only the Earth that was giving light in the universe before the sun or stars were created on the fourth day but there were no other lights mentioned that was created .

Day one of the Sabbaton cometh Mary Magdalene early, yet it was dark, John

Now this first light God created on the first day was not "light" from the sun because the sun is a star and stars were not created until the fourth day (see Gen.1:14). The light could well have been light made from the molten burning mass God named the earth, because the earth is older than the sun and is recorded to have been created but not formed in the beginning before the sun. God named this molten mass of light "the earth" before He cooled the earth.

2532 1492—3588—2316 3588 5457 3754 2570

and there was evening and there was morning,

2250 1520 ← Mia From the Greek Bible Septuagint of the Jews

Note carefully the Strong's

hmera mia Bible Greek word number 1520 for **Mia** or "day day One." There was only one created day God gives the name the beginning number is written in the cardinal numeral "Day He is one." A masculine cardinal numeral is a number name that shows quantity and quality in the set, such as 1, 2, 3, 4, 5, 6.. All the other days of creation except "day He is one" were named in the ordinal numeral set, which ordinal position shows sequence: second, third,

Mat 28:1 ¶ Now late on sabbath, as it was the dusk of the next day after sabbath, came Mary of Magdala and the other Mary (true -Darby translation)

Now closely examine the above name of the first day of creation in the Septuagint of the Jews in their Greek Bible who wrote our New Testament in the Greek. You do not have to be a Bible scholar; neither do you have to be able to read the Bible Greek to see and understand -how the Bible Greek word “Mia” is named and measured. Questions that demands true answers about Bible Time.

1) -did God name the beginning Bible Greek Day of God “Mia” and is the day Mia measured from evening (early dark) to the next consecutive early dark of the evening? Yes____No____.

2) How many dark periods are measured in the true Bible day Mia of the Sabbaton? One____Two____Three____

3) How many dark periods are measured in the false Pagan artificial -Bible day of the sun god? One____Two____Three____

Matthew gives the exact record of the women coming to the tomb, and he also gave the exact moment of the resurrection. Matthew is most precise and exact when he says;

‘Opsee de Sabbaton,

late [on] And the Sabbaton,

or at the backside of [the cycle of Sevens], (Sabbaton is a Homonym word.

τῷ ἐπιπέσοσσοῦ ἐν

at night lighting into [Day the Greek Mia or day One

Sabbaton,

ἦλθεν

the Sabbaton [or the solar cycle of the Sevens] came

Mariam heh Magdal ana, kai
Mariam of Magdalene and

Christ did not resurrect on any part of the day of the sun god or Sunday!

ἡ ἄλλη Μαρία ἡ ἄλλη
the other Maria to view

τὸν τάφον. καὶ ἰδοὺ σεισμός
the tomb. And behold earthquake

ἔγενετο μέγα.
there was [a] Great [mega].

Now when he had risen very early, the first day (Darby)

Y'ehsus resurrected at the Greek Opse (evening of Saturday night) on the first day of creation. Acts 20:7 In Troas gather and worship God in the evening (our modern Saturday night) they gsther at the resurrection moment on day Mia or day one, then they worshipped at the precise resurrection moment of Y'ehsus, the moment all Christians are Passed Over on the beginning cycle of the first day of Creation? The Same Greek words "opse" and "eiphosko" that declare the moment that Y'ehsus was entombed in the evening is also written by Matthew 28: 1 to declare his resurrection moment is at Opse Late on the Sabbath and at "epiphosko" or lighting up time..

Note a gathering of disciples in Troas before midnight on the day Mia in Acts 20:7 The perfect Apostolic Bible Translation.

1722—1161 3588 1520 3588 4521 **Mia is not Sunday**
en de th mia tw n sabbatwn
And on the day one of the Sabbaton,
Mia (Greek)

the Word until midnight-

God's day "Mia" is measured with only one whole dark period. The disciples in Troas gathered before Midnight, so the time they gathered was not on any part of Sunday that begins at midnight? Yes ___ No___ Is Acts 20:7 an example for all Christians to gather to break bread? Yes___ No___ See Philipians chapter 4 verses 8-9 .

You can only see the day of God approaching Hebrews 10:25

Pentecost begins at dusk parallel to the resurrection moment.on day Mia.

If in your life time do you keep a Bible day of the sun god or Sunday? If so in your continual idolatry you will stand judged in

idolary the same as the Catholics who idolizes the same pagan gods. According to God there is not one whit bit of difference.

Did your Lord Jesus resurrect at the rising of the sun god on the first false Bible day of the Bible week of the seven sky gods or on the day of the sun god or Sunday?

Truth is Y'ehsus (mistranslated "Jesus") resurrected at "Early yet it was dark on day One of the Sabbaton" John 20:1 Mark 16:9 declares in the Greek "Y'ehsus" resurrected early, the first or at the -beginning of the Sabbaton (the seven day solar cycle) (Mark 16::9). Early the first of the seven day solar cycle of the Bible Sabbaton of God

begins at sunset of our modern Saturday night. Do not be deceived by false Bible translators!

God bless you in you in this search for truth.

Willard Wade

One of the most brutal punishments for idolatry was stoning. Have you been deceived and do you keep a -Bible day of the sun god or Sunday? If you had keep a Bible day of the sun god or “Sunday” under the law of God through Moses with only two or three witnesses God would have had you stoned to death without mercy.

The disciples of Satan have mistranslated the Bible records of God’s Bible time and His set times to worship. Millions have been deceived. So are you going to make this Bible study to discover what our God has done with Bible time to prove to you and to the world that the Bible is from God? This Bible study is complicated only by lack of knowledge and because of false Bible translations. God bless you in this search for the awesome truth from our God.
